Rocky Hock Baptist Men get a great start! The site for the new conference center was cleared on Feb 2nd thanks to the men of Rocky Hock Baptist Church and an excavator from Whitehurst Sand Company. They started at 7 a.m. and by 2 p.m. they had over 18 trees down, cut up, and stacked, stumps dug out, and the ground leveled.! These guys did not mess around one bit. They were fast, safe, and complete. The official ground breaking for the new building is scheduled for this fall. We have the design in hand, contractor hired, and we are currently looking into loan options. The new building will be located on the waterfront and no buildings will be taken down to build this building. We are still taking donations to help reduce the loan amount. Inscribed brick pavers may be purchased that will be used under the front porch area, rooms and furnishings may be sponsored through donations. Call the Cale office for more details or visit our web page and look under, "Donation Opportunities". Together we can build a building that will be used year round to strengthen the body of Christ through stronger families, men, women, youth, and children. We hope you will pray for this, and join this effort!

Events are coming up fast at Cale!

Mark your calendar for **April 5th!** Our 3rd **BBQ Cook-off** takes place that Saturday. Get those guys ... maybe the ladies, to sign up to come cook a pig and take home the trophies for who cooks the best pig in Northeastern, NC plus.... help support Cale.

On **April 19th** we will have our **Horse and Rider Day**. You bring a horse and we supply a wonderful day of trail rides, lunch, and great fellowship! Visit the web site for more information.

Summer camp is close! Many applications are coming in every week now and our teen week is filling up the fastest. The word is out that teen week rocks at Cale Retreat! As of early Feb we have all but 2 staff positions filled! Praise God! We still have 4 weeks of **mission trip opportunities** in the kitchen and would truly appreciate some churches taking a week to prepare pre-planned and purchased meals. Cale is a mission field, we expect over 400 children and youth to attend a week of camp this summer. Thanks for so much support that so many are giving to this ministry! Steve & Grayce
